Dear Parents,

It gives me great pleasure to inform you that following our Estyn School Inspection in January, our report has been published. There are many positive comments which reflect the high standard of teaching, learning and wide range of other opportunities provided. The report reflects the good relationships staff, pupils and parents have, and the positive impact this has on the overall education of every child in our school.

The report can be read on the website <http://www.estyn.gov.wales/provider/>

A paper copy can be obtained from the office.
